

MITCHELL IS STILL ON STAND

Rigid Examination Given by Ross and MacVeagh on Details of the Strike.

QUESTIONS ASKED

Judge Gray Suggests That the Witness Omit Figures and Deal with New Facts.

(Special By Scripps-McLain.)
Scranton, Pa., Nov. 19.—President Mitchell was again on the stand this morning. His examination was started by Walter Ross, counsel for the Delaware and Western road and he was followed by MacVeagh.

Give Opinions
Before the examination began Judge Gray suggested to Mr. Mitchell that he give opinions, not figures and that he not be asked about questions that had already been gone over.

Questions Are Many
MacVeagh took up the problem of violence among the miners and stated that seventy-five per cent. of the pumpmen and engineers had not left their posts until terrorized by the strikers.

About Unions
Many questions were asked as to the unions and whether it would not be better to divide the anthracite from the bituminous ranks.

RAILS ALL LAID ON INTERURBAN LINE

Electric Road Is Nearly Ready for the Cars to Run into This City.

The rails of the Beloit, Delavan Lake and Janesville Interurban road where it passes under the Northwestern track near the Choate-Hollister factory were laid today and the line completed so far as the rails are concerned. The mason work on the viaduct is about completed and ready for the cars to pass through.

H. H. Clough, general manager of the road was in the city last night and stated that electric cars had been running on the line from Beloit to the city limits for the last two weeks and it will be but a short time until they are running into the city.

The company now has six handsome vestibuled cars in operation and have six more that are about ready for delivery by the makers. A half hour schedule will be established at first and this will be cut down as fast as the traffic demands until they have a fifteen minute service.

STUDENTS JOIN WAR ON PISTOLS

German University Students Will Support the Reform of the Duelling Code.

(Special By Scripps-McLain.)
Berlin, Nov. 19.—The students of the Bonn university have joined together in an attempt to put an end to the use of pistols in duelling.

FARMERS WILL FIGHT COMMISSION DEALERS

Over Two Thousand Southern Illinois Agriculturists Combine to Market Their Produce.

St. Louis, Mo., Nov. 19.—The farmers of southern Illinois have formed a combine to battle with the commission men's trust of St. Louis. Two thousand and eighty-five farmers will now do their own commission business. Their headquarters will be in East St. Louis. St. Louis will get no part of their product unless the St. Louis commission men go across the river and pay at the farmers' terms. What product is not sold in East St. Louis will be shipped to Chicago and other cities. A market house will be established in East St. Louis, to which the farmers will bring their produce. The plan is to break up the commission men's combine to control prices.

JOE HEALD AGAIN

This Time He Is A Successful Auctioneer of Blooded Stock

Speaking of a recent sale of horses at the MacLaren stock farm, The Buckingham Post, of Buckingham, Quebec, has the following to say about Joseph Heald, formerly of this city but now in the employ of Mr. McLaren.

Mr. Joseph Heald, we suppose, and have every reason to believe, is a very fine horseman, but the auctioneer's fraternity is short a star of the first magnitude, as long as he sticks to his present profession. What we didn't know about amusing a crowd, while doing business, Joe gave us a big insight into. When we decide to dispose of The Post by auction, if Joe is within cabling distance he's got to do the business.

CABINET SESSION OF THE LADIES

Mrs. Roosevelt Holds a Consultation with the Wives of Her Husband's Cabinet.

(Special By Scripps-McLain.)
Washington, Nov. 19.—Mrs. Roosevelt held her first consultation with the women of the cabinet in the red room of the White House this morning. This is the first meeting of the ladies since last May, and the reunion was very pleasant. There were present Mrs. Hay, Mrs. Shaw, Mrs. Knox, Mrs. Payne, Mrs. Hitchcock and Miss Wilson. Although the occasion was more of a social than a business nature, the dates of the cabinet dinners were fixed and will be given every Saturday during January and February. It is understood that Mrs. Roosevelt will begin her informal receptions immediately. A large informal dinner will be given at the White House on Thanksgiving night. Another informal dinner is being arranged complimentary to the French ambassador, M. Jules Cambon. This will probably occur, Nov. 28 or 29.

WANTS MINERS TO SHARE GAIN

Bill in The French House Would Help the Miners' Position in Life.

(Special By Scripps-McLain.)
Paris, Nov. 19.—A bill has been introduced in the chamber of deputies which if it passed will compel the mine owners to share the profits of their increased earnings with the miners.

POPE TO CHOOSE THE NEW RECTOR

Three Names Will Be Given Him to Select New Head of Washington University.

(Special By Scripps-McLain.)
Rome, Nov. 19.—The Pope has the names of three ministers from whom he will select one to act as rector of the Roman Catholic university at Washington. The policy of the school is also under discussion and will probably be settled by the Pope.

SEES NO HOPE FOR ISLANDERS

Windward Islands May Be Deserted by the English Colonists Very Soon.

(Special By Scripps-McLain.)
London, Nov. 19.—The governor of the Windward Islands has sent a dispatch to the colonial secretary that in his estimation the islands should be abandoned and the inhabitants transported as the volcanic conditions become worse than ever each day.

THIEVES ROB A LISBON BANK

Cut Through the Floor and Secure \$165,000 Worth of Money in Coin.

(Special By Scripps-McLain.)
Lisbon, Nov. 19.—Thieves broke through the floor of a banking firm in Pelourne and made away with \$165,000 worth of gold coin. One of the clerks is suspected.

BOERS NOT TO VISIT AMERICA

Generals Delary and Botha Abandon Their Tour of the United States.

(Special By Scripps-McLain.)
Brussels, Nov. 19.—The Boer generals Botha and Delary have decided that they will not come to America for a visit as was expected.

ARE STILL BENT ON FIGHTING

Colombian Government Shows No Inclination to Treat with Insurgents.

(Special By Scripps-McLain.)
Panama, Nov. 19.—The Colombian government will not accept the peace offerings of the revolutionists and will continue the war to the end.

HAS A BAD FALL

Miss Mabel Proctor Falls Down Stairs and May Die

Mabel Proctor, the daughter of G. A. Proctor, who lives on the Emerald Grove road, about three miles from this city, fell down a flight of stairs at her home early this morning, injuring her spine severely. Miss Proctor, who has been ailing for some time past and was in a weak condition, was starting to go down the stairs when she slipped and fell, tumbling nearly to the bottom. Dr. Farnsworth was summoned and found that partial paralysis had set in. She is in a very serious condition.

Did Not Ask Arbitration.
Berlin, Nov. 19.—The report that Germany has been invited by America to submit the Chinese indemnity payment to The Hague Arbitration committee is officially denied.

Pana Doctor Dies.
Pana, Ill., Nov. 19.—G. W. Fringer, aged 68 years, a prominent and influential citizen and for fifteen years a leading physician of this city, is dead.

ITALY'S QUEEN HAS A DAUGHTER

Little Princess Receives Royal Welcome, Though a Son Had Been Hoped For.

BELLS AND CANNON

Announcement of the Birth Greeted with General Demonstrations of Rejoicing.

(Special By Scripps-McLain.)
Rome, Nov. 19.—All Italy is today rejoicing over the birth of a daughter to Queen Helen, which occurred this morning. All of the leading cities are planning celebrations for this evening in honor of the event.

A Royal Welcome
When the fact of the birth was announced the castle bells rang and the cannons boomed out a royal welcome given only for members of the royal family. All of the church bells also rang.

An Heir Hoped For
It had been hoped that the child would be a boy and the event has been generally talked about to such an extent that genuine disappointment is expressed on all sides.

DIXON OFFICIALS INSPECT THIS CITY

Recent Municipal Improvements Are Noted—Similar Inspection Tours Taken Each Year.

Mayor Truman, six aldermen, the city attorney, city street commissioner, and city clerk of Dixon, Ill., were in the city this afternoon, looking over the city, especially noting the condition of the streets, and the recent municipal buildings. They are on their annual trip of investigation taking them to different cities which will furnish new ideas of city government.

They left Dixon this morning, arriving here at noon. At dinner at the Grand hotel Mayor Richardson, Alderman Gilkey and City Engineer Kerch were with the party. At about two o'clock they started out in the police patrol wagon to look over the city, Engineer C. V. Kerch, accompanying them to point out the recent street improvements.

Returning from the ride they repaired to the city hall where they met members of the local city council, and exchanged thoughts on city improvements and government. They will leave at 6:50 this evening for Madison from which city they will go tomorrow to Milwaukee.

The party do not expect to return to Dixon before Saturday evening. Last year, and in previous years, similar trips have been made by members of the city council with the same purposes as the present year. Their trip last year took them through Southern Illinois, including Champaign and other cities in that part of the state.

The members of the party were Mayor F. A. Truman, Aldermen Stambrook and J. E. Drew, First ward; F. G. Dunick and A. I. Gage, Second ward; D. S. Lafferty, Third ward; E. C. Parsons, Fourth ward; City Attorney E. E. Winger; Street Commissioner George Gett, City Clerk E. W. Smith.

MESSANGER KILLS MASKED TRAIN ROBBER

Hold-up Men Intimidate Crew, but Well-directed Shot Causes Them to Flee.

Trinidad, Col., Nov. 19.—Four masked robbers held up passenger train No. 7 on the Colorado and Southern road twelve miles south of here. One of the robbers was shot by Express Messenger H. W. Sherwick of Fort Worth, Tex.

The robbers flagged the train and as it slowed up they ran alongside of the engine and covered the crew with revolvers. They then compelled Engineer John Guilford to alight and, after placing a sack filled with dynamite under the baggage car and attaching a fuse to the explosive, they ordered Guilford to ignite the fuse. This he attempted to do several times, but for some reason the fuse would not burn.

During the proceedings the robbers kept up a fusillade of shots in the direction of the train for the purpose of intimidating the passengers. While they were preparing to rearrange the fuse Messenger Sherwick, after extinguishing the lights in his car, quickly opened a side door in the car far enough to admit a gun barrel and fired at the nearest robber. The latter fell in his tracks. His startled companions picked him up and quickly disappeared in the woods. None of the passengers were molested. The sheriff of Las Animas county immediately organized a posse and is now in pursuit of the hold-ups.

Find A Hoard
Racine, Nov. 19.—Mrs. Theodore Wiechers found sixteen hundred dollars in green backs while ripping up an old mattress at her home this morning. It is thought to have belonged to Charles Broecker, deceased.

CARNEGIE IS ILL FROM BAD FOOD

Sickness Has Delayed the Trip of the Family to the United States.

(Special By Scripps-McLain.)
London, Nov. 19.—Mr. and Mrs. Andrew Carnegie returned to London with the intention of sailing tomorrow for the United States, but they have been obliged to abandon the voyage for the present, because Mr. Carnegie is indisposed. The whole family were affected by something that they ate on the continent. Mrs. Carnegie and her daughter have quite recovered. The physicians, however, think that it would be imprudent for Mr. Carnegie to start yet, although he has practically recovered from his illness. Mr. and Mrs. Carnegie expect to sail for New York next week.

The Carnegies were at Caux, Switzerland, when they were served with food which was in some way contaminated. The ill-effects seemed to promise to pass off, and had done so in the cases of Mrs. Carnegie and her daughter by Sunday, when the party arrived in London.

Mr. Carnegie, however, felt worse yesterday evening, and summoned a physician, who was able to assure him that the poisoning was not of a serious character, and that he would be up again in a day or two.

RUSSIAN ROYALTY ARE NOT ILL

Alarming Reports Regarding Members of Imperial Family Are Denied Officially.

(Special By Scripps-McLain.)
London, Nov. 19.—Europe has been flooded for weeks with dispatches from various places in Russia giving alarming stories of the ill health of the czar's family, and other members of the imperial family, but most of them have already been authoritatively denied. The czar and czarina Sunday appeared on the landing stage at Yalta, Crimea, to welcome Prince and Princess Nicholas of Greece. Both their majesties appeared well.

A semi-official denial has been issued of the report that the mental specialist, Professor Merchelevski, had been summoned to the imperial residence at Livadia, Crimea.

SPARKS FROM THE WIRES.

Dr. John Brown of Mazomanie, was appointed by the state board of control to act as physician at the state prison.

Frederic McFarlin, a music teacher of Rochester, N. Y., was stabbed to death in her home by another woman.

The body of Robert Schow of Merrill who had the contract to drive the logs from Copper river and was drowned Monday, was found yesterday.

Litigation has been begun over the \$5,000 estate of John Dawson of Eau Claire, who fell over the hotel staircase during the street fair, and died a week later.

"Doc" T. N. Jamieson is being talked of for a position in the cabinet as a reward for saving Hyde Park at the last election.

General Chaffee in his address at the Chicago Union League banquet said that peace has been established in the Philippines.

Twelve Denver aldermen were arrested for contempt of court in defying an injunction against granting a tramway franchise.

Chicago teachers declared war on the new educational bill and called it an attempt to crush the last shred of autonomy in the schools.

Samuel Gompers may be retried by the Federation of Labor as president, and made editor of the official magazine, and official lecturer.

Two Oshkosh men, who were bitten by a mad horse are in fear of becoming afflicted with hydrophobia. They will probably go to Chicago for treatment.

ENGLAND WILL RUN A BREWERY

British Government May Make Its Own Beer for the Benefit of Its Army.

FOR CANTEEN USE

Object Is To Secure a Better Grade of Beer for the Soldiers, at a Less Cost.

(Special By Scripps-McLain.)
Manchester, Eng., Nov. 19.—The Dispatch, a Conservative organ of this city makes the statement this evening that the government is seriously considering the purchase of a large brewery for the use of the army.

Would Furnish Canteen
The plan as laid out in the Dispatch is that the government will buy and run one or two large breweries, the exclusive product of which will be divided among the canteens of the army.

Much Beer Used
The army canteen as it is now uses much beer and it is thought that the present plan of the government will tend to improve the brand of the beer and also will enable them to supply it at much less cost than formerly.

COUNCIL WILL ACT ON TOWER FIGHT

Aldermen Declare That It Shall Not Remain in the Street Where It Now Is.

The Academy street watchman's tower is still located in West Bluff street. The St. Paul authorities decline to have it set on their property, except at the west side of the street where the Northwestern people do not want it. The St. Paul company will at once build sidewalks on Academy street and also on West Bluff street. The sidewalks will cover the space now occupied by the tower. Alderman W. S. Rice, chairman of the highway committee, stated that the policy of the committee and the city was that there should be no more encroachment on the streets by the railroad companies and that the tower could not be located in the street. They had already made this ruling in several instances and he could see no reason why they should change it for this watchman's tower, especially when a suitable place for it had been offered by the St. Paul company. The street commissioner should not have allowed them to take the tower across the street until the matter was fully settled. If he made any statements to the Northwestern employees in regard to moving the tower he should have carried them out and not have allowed them to move it into the street. The matter will come up before the council next Monday night, and no doubt will be settled for all time.

SISTER OF CHARITY IS BURNED TO DEATH

Blackened and Crisp Body Is Found Near the Parochial School at Odell, Ill.

Pontiac, Ill., Nov. 19.—Sister Mary Edmund, one of the nuns in the parochial convent school in Odell, ten miles north of this city, was in some unaccountable manner burned to death and was found blackened and crisp near the rear end of the school building. The household on arising had missed the sister from her room and a search was at once instituted. One went out around the building and on the way back discovered the body. The neighborhood was alarmed, but none had seen the catastrophe. It is supposed she had arisen at an early hour, gone to the basement and perhaps lit a match to find her way and in that manner set fire to her clothing and rushed out in the open air to free herself from the flames. Sister Mary Edmund had been a resident of Odell for about six years, coming there at the opening of the school. She belonged to the Notre Dame order and was from Cincinnati, where her body will be taken for burial.

HERR KRUPP IS VERY ANGRY

The German Iron King Will Sue the Berlin Editors for Damages.

(Special By Scripps-McLain.)
Berlin, Nov. 19.—Herr Krupp, the richest man in Germany and the inventor of the fire-arms of his name, has caused a seizure of the Vorwaerts, the Socialists' organ. It is said that Mr. Krupp will start a criminal proceeding against the paper that promises to be most sensational. When the office was searched several of the desks of the editors were broken open which the owners of the Vorwaerts claim is contrary to the constitution, and is a matter that will be taken up later. Herr Krupp claims that the story published in the paper is the result of jealousy of hotel keepers on the island of Crispel where he has a summer home on which he has spent several million dollars.

The actions of Herr Krupp and the Berlin police have stirred up considerable feeling among the socialists and aside from Krupp's prosecution of the case it is probable that other steps will also be taken.

SAYS WARSHIP FIRED AT CITY

London Paper Tells of the Rioting of American Sailors at Madeira.

(Special By Scripps-McLain.)
London, Nov. 19.—The Daily Mail publishes a story purporting to have come from Madeira to the effect that the sailors on the United States training ship Hartford caused considerable trouble in that port and that the Hartford blank shells at the city to frighten the people into letting the rioters alone.

WOMAN WITNESS DISAPPEARED

Mrs. Lena Dexheimer, Who Disclosed an Anarchistic Plot, Has Suddenly Vanished.

DOUBT THE STORY

Secret Service Men Find No Evidence Supporting the Startling Tale Planning Murder.

(Special By Scripps-McLain.)
New York, Nov. 19.—Mrs. Lena Dexheimer who confessed to having been a party to an attempt upon the life of President Roosevelt at the Yale Bicentennial, has disappeared from her home and no trace of her can be found.

Say It Is Fear
Her neighbors claim that she has gone away, to hide herself through fear of anarchistic fanatics, who might kill her on account of her disclosures and that when she is wanted a 1 is assured protection she will come back.

No Foundation
Secret service officers, who are investigating the story claim that they have found no evidence to substantiate the plot as told by Mrs. Dexheimer.

May Have Succeeded
It is also reported that Mrs. Dexheimer may have committed suicide from fear of the anarchists or that she has been made away with by the "Reds" to keep her from telling what she knows.

PURPLE AND WHITE WAVE IN TRIUMPH

Senior Class Puts Up Elaborate Decorations in Honor of Their Football Victory.

Purple and white streamers float from the flag pole over the Janesville High school building today, token of the victory of the Senior class in winning the football championship of the school and the Denison trophy. Bunting in purple and white, the Senior class colors, is festooned from the chandeliers to the corners of the High school assembly room over the seats occupied by the Seniors, while the Denison trophy itself is resplendent with long streamers of purple and white ribbon. Above its place in front of the Senior class is a large star in the class colors.

The decorations were put up by members of the Senior class this morning, before the opening of school. Members of the class wore the class colors and several of the girls wore white shirt waists with trimmings of purple ribbon. This morning at the opening of school the class yells of both the Senior and Sophomores were given and the Seniors shouted the usual complimentary "What's the matter with the Sophomores?" Supt. Buell made a brief congratulatory address and spoke in high terms of the advance in athletic sports and spirit this year over last season.

The grand encampment ended with the election of retiring Grand Patriarch H. W. Pemberton as grand representative to the supreme lodge.

CLASS LINE CAUSES A STRIKE

Peoria Bindery Girls Declare New Forewoman Is Not Their Equal.

Peoria, Ill., Nov. 19.—Fifty young women employed as bookbinders at the printing house of J. W. Franks & Sons went on strike because a new forewoman, whom they do not consider their equal, has been employed to supervise their work. The strikers do not ask increase in wages or reduction of hours. The only concession they demand is the reinstatement of the former forewoman who they allege was discharged to make place for a favorite.

APPLE GROWERS LOSING CROP

Fruit Is Rotting on the Ground, Owing to Lack of Barrels.

Greenwich, Conn., Nov. 19.—Thousands of bushels of apples are rotting on the ground in this state. If barrels could be procured, the farmers say, they might ship large quantities to England and even to the Philippines, but they cannot procure them. Everything in the form of a barrel commands a high price, the most dilapidated bringing 35 cents each. Farm laborers also are scarce.

WISCONSIN WEATHER FORECAST

Fair tonight and Thursday.

HITS THE NAIL ON THE HEAD.

Secretary of the Treasury, Shaw, recently hit the nail squarely and drove it clear home in this one pregnant sentence, which should be printed in letters of gold on every corner: "We can stand high prices far better than we can stand idle labor."

Nothing more true was ever said or ever can be said. The full employment of labor is alike the cause, the evidence and the result of prosperity. Daily wages are important and daily wages are high, but steady employment is the best of all. The rate of wages is of little consequence if there is no employment. It does no man any good to say that his wages are \$1 a day if he has nothing to do. Now all are busy because all are able to pay. Workmen can set their own prices for their labor, but employers must determine whether there is to be work at all. In this they will be guided not by their ability to employ, but by the ability of the public to consume. Builders may have money to build dwellings, but they will not build unless people have money to buy them or rent them. Shipbuilders may have money to build ships, but they will not build them if there is no commerce to employ them. Merchants may have money to hire clerks, but they will not hire them if trade is not brisk. When all are prosperous, all are employed. When few are prosperous many are idle. Secretary Shaw is right. We can stand high prices far better than we can stand idle labor. All are busy now.—San Francisco "Chronicle."

The "Chronicle" sizes up the situation correctly. One of the mysteries that is difficult to explain, is the feeling of unrest that exists in the ranks of the republican party, at the present time.

It is natural to expect these conditions in the democratic party, and it is easily accounted for. The party is out and wants to get in. It can point to nothing in the way of a record to establish any sort of a claim. The last effort, when the party controlled both houses of congress, was worse than a dismal failure.

Free trade and tariff for revenue only, was the watchword, and under the inspiration of this democratic farce, the national treasury became bankrupt and frequent bond issues were necessary to meet current expenses. If there is any reason why this party should again be trusted with power, it has not been stated.

There is today in the republican party an element that is in sympathy with democratic theories, and while free trade is not openly advocated, tariff reform is urged as vital to the welfare of the country.

Iowa leads the procession in a platform that openly advocates the measure, and while other states are not so pronounced, some of them are more or less tainted with the same doctrine. Wisconsin is not destitute of this class of republicans and some of her congressmen are troubled with the same disorder.

Not satisfied with prosperity, they would kill the hen that laid the golden egg. Mr. Babcock was troubled with a reform idea, and Mr. Cooper has discovered that conditions are not as they should be.

If there was ever a time when public servants needed a stock of ordinary horse sense, that time is today. Capital is employed to its fullest capacity, the demand for labor in every department, at good wages, is far in excess of the supply. The public debt is being reduced and the national treasury is loaded with money. More than 90 per cent. of American products are consumed at home, and in many lines, manufacturers are unable to meet the demands of the home market, and yet in spite of all the flattering conditions, a change is demanded.

It is to be sincerely hoped that this kind of statesmanship will be nipped in the bud.

If there is anything that unsettles values, and disturbs business it is this everlasting discussion of tinkering with the tariff. It is suicidal in the extreme.

When times are so good that they can not be improved, why not let them alone. There are more contented people and fewer tramps in the land today than ever before. Contented because busy and prosperous. Confidence is at the ebb tide. Why not keep it there?

If there is any glory in free trade and tariff reform, let democracy have it. The party is entitled to something besides visions and relics. The country is not suffering for reform, half so much as it is suffering from an overzealous ambition of impractical reformers. The workshops of the nation are busy and Secretary Shaw is right when he says, "We can stand high prices far better than we can stand idle labor."

EXPORTS INCREASING

October exports show a decided tendency toward recovery from the depression due largely to the short corn crop of last year and reduced foreign demand for other breadstuffs. The

total exports for October, says the Treasury Bureau of Statistics, were larger than those of any preceding month in the history of our commerce, except October and December 1900 and October 1901. Exports of corn are of course less than in October of last year, by reason of the very great shortage in corn due to last year's drought, the total value of corn exported in October 1902 being \$734,682, against \$2,348,640 in October of last year; while for the ten months ending with October, the value of corn exports was \$5,395,010, against \$47,283,459 in the corresponding months of last year. In wheat, which had shown a material reduction in exports in the last few months when compared with the extraordinary high figures of the corresponding months of the preceding year, the figures for October show a marked improvement, the total value of wheat exported in Oct. 1902 being \$12,458,688, against \$10,515,414 in October of last year; while flour exports for October of the present year are valued at \$7,243,914, as against \$6,065,551 in October of last year. Breadstuffs as a whole show a total of \$21,900,802 in October 1902, against \$20,372,325 in October 1901. Exports of provisions and live animals are still below those of October of last year, the figures for October of the present year being \$15,060,173, against \$18,225,565; while for the ten months provisions and live animals show a fall in exports of 33 millions as compared with the corresponding months of last year, and breadstuffs a fall of 81 millions. The above figures, it should be understood, are from the preliminary statement of the Bureau of Statistics, and are slightly below the final figures which will not be completed until the close of the month.

PEOPLE HAVE DECIDED

The Milwaukee Free Press will not allow Mr. Spooner's friends—the stalwarts to rejoice over the election of a republican legislature, pledged to the senior senator's re-election. We shall see just how far the machine organ will carry its feud. In the first place, it proposed to bully every candidate for the assembly and senate plank of the state convention, threatening all who did not do so with defeat. Those who did so pledge were defeated—like "Long" Jones of Waukesha. Ninety-five per cent. of the legislative candidates were pledged and instructed for Spooner's election without any conditional clause. Among them are Senator Martin of the 17th district, and A. S. Douglas of this county. All this talk about La Follette having a knife up his sleeve for Spooner is bosh. Senator Spooner by his unqualified support of the republican ticket contributed more to the republican victory in this state than any other man. No one knows this better than La Follette and his chairman, Geo. E. Bryant, who recently gave out the opinion that the legislature elects the senator, and that Mr. La Follette would not oppose Spooner's re-election. The people have decided that matter by electing a large majority of pledged Spooner men to both houses of the legislature. Yet the Free Press keeps up its barking over the ante election issues.—Monroe Sentinel.

The democratic papers, headed by the Milwaukee Journal, have discovered a mare's nest in Mr. Babcock's methods of dealing with the speaker's question. Mr. Babcock discovered that he had no show of winning, and he adopted the only sensible course open to him. Democracy is disappointed because the party imagined that in Mr. Babcock an opening wedge for free trade would be used. The republican party will be well satisfied with the administration of Speaker Cannon.

Labor leaders are having a dispute just now at a national convention in New Orleans, in which President Gompers of the American Federation is charged with disloyalty by President Schaffer of the Steel Workers' union. Results will be watched with interest.

The president captured a bear but it was run down by dogs and caught in the swamp. That would be called poor hunting in the north.

Molnoux gained his freedom, and is about to lose his wife by divorce. He perhaps will escape from double bondage.

If Babcock made a deal for Wisconsin that places the state nearer the front, good for Babcock.

PRESS COMMENT

Galesville Republican: The next United States senator elected from Wisconsin will not be John C. Spooner.

Milwaukee Sentinel: With twenty women hunting deer in the Wisconsin woods the risk to hunters is certainly extra hazardous this year.

Evening Wisconsin: Carrie Nation may enjoy the right of free speech in Milwaukee, but she will have to keep her hatchet in her shopping bag.

Milwaukee Journal: If Uncle Joe Cannon becomes speaker, remarks by newspapers about his being either "loaded" or "fired" will be strictly unparliamentary.

Merrill Advocate: The simple fact of the matter is that Wisconsin is a republican state. The county is republican. The democrats can hunt for issues and shift about as much as they please, so long as things are going

satisfactorily the people will stand by the republican party.

Milwaukee Sentinel: It is remarkable how indignant a democrat can become when a republican does not act as the democrat considers proper under the circumstances.

Milwaukee Journal: Mr. Cary's vote does not indicate that the women of Wisconsin are exercised of the subject of pure politics. He seemed to run as well as anybody.

Racine Journal: A large number of legislators-elect have innocently supposed they controlled their own votes, that is, of course, subject to pledges made. Are they right or not?

Milwaukee Sentinel: The Wisconsin man who was uncoined out of \$3,300 by western sharpers will now have a chance to appreciate the safeguards thrown around him in his old home state.

Madison Journal: The official figures show that Governor La Follette's plurality was about 10,000 below that of each of his associates on the ticket excepting Mr. Cary. Mr. Cary's plurality was about 2,600 greater than was the governor's.

Milwaukee News: It is suspected that there will be an extra session of congress to undertake the revision of the tariff about the time that "its friends" begin to vote the democratic ticket.

Washburn Times: If the word of over 100 members of the legislature that they will support and vote for Mr. Spooner's return, unconditionally, is doubted then we would like to know what is the matter with our form of state government?

Eau Claire Telegram: Ira Bradford is being boomed by his friends for the place of speaker in the next assembly. No more suitable selection could be made. Mr. Bradford is eminently well fitted for the position.

Fond du Lac Commonwealth: The people of Wisconsin will hope that former Congressman Isaac Stephenson may fully recover from the injury which he has suffered to his eyes. Mr. Stephenson has been much in public view in recent years and the people have a kindly interest in him and his affliction.

Milwaukee Wisconsin: The pupils of Fond du Lac's schools who are being encouraged by their teachers to spell words phonetically will have their peck of trouble when they leave the confines of their home city and try to do business in the outside world. They will then find that Fondy isn't the whole thing.

Chippewa Herald: The democratic organs of Wisconsin are springing a sensation (?) on the people of the state. They are again mentioning Spooner as a presidential possibility. While it would be an honor for Wisconsin to have Spooner there, it is not in our power to do it in 1904. "Teddy" will win in a walk.

Wausau Pilot: Well, our wish is that the democrats who elected Mr. La Follette may not be disappointed. In other words, that he will come as near democracy in his administration as he did in his campaign utterances. We don't hope for or expect this, but we wish for it, and shall be ready to clap our hands heartily if it happens.

Stoughton Hub: With 90 per cent. of the membership of the next legislature pledged and instructed to vote for the return of John C. Spooner to the United States senate, we have rumors and rumors of rumors that somebody is plotting and scheming to bring about his defeat. Just how it is to be accomplished deponent sayeth not.

Marquette Eagle: The people of Wisconsin will strongly endorse the proposition that Congressman J. W. Babcock be elected speaker by the next house, recognizing his eminent fitness for the position and the value to the state to have him there. The Wisconsin congressmen should use every endeavor to secure the election of Mr. Babcock. It would be an honor to the state, and would be a fitting recognition of Congressman Babcock's character and long and effective service.

Milwaukee Free Press: The Appleton Crescent said on Monday that "the half breed scalping knives are out already after Senator Spooner's scalp." It has said exactly the same thing, or something so like it as to seem to be exactly the same, on an average of three times a week for the last eighteen months. The Crescent's greatest joy in life is repeating some such foolishness as this day after day and week after week, always thinking it has said something fresh and conclusive.

Eau Claire Leader: It is in the power of the newly elected state superintendent of public schools to do substantial service to the people of Wisconsin in regard to the elementary branches of our educational system. If things keep on as they are for a few years more we will not be able to communicate with each other except by signs. The art of penmanship is fearfully neglected. The pupils write a most perplexing hand. Compositions are misspelled, unpunctuated and almost illegible. This matter is becoming serious, and must receive attention.

Other Views

"Is this not stupendous?" The stranger bowed his head, as if he felt his inability of words to describe his emotions.

"Do you think?" pursued the traveler, that this terrific gorge was caused by some Titanic upheaval from below? Or is it the result of glacial action? What are your views, if any, as to—

"My views," blandly interposed the stranger, opening a bag he carried in his hand, "are only 9 shillings a doz-

Good Substitute
"Father, I should like to try one of these systems of physical exercise that are advertised in the papers. They are cheap and you don't need any apparatus."
"I'll furnish you one, my son, that I tried with great success when I was a young man, and I'll warrant it to be just as good as any on the market."
"Could I take it here at home?"
"Yes; that is one of its chief merits."
"Any apparatus necessary?"
"Yes, but its quite simple. I'll furnish it."
"Can I take it in my room?"
"No; you can take it at the woodpile. You will find the apparatus already there my son."—New York Tribune.

A Puzzled Housewife
"Hello," called Mrs. Crockem over the phone, "is this Mr. Sellom's grocery?"
"Yes, ma'am."
"Well, you folks sent me a cake of patent plum pudding and a cake of imitation coal this morning, for me to try."
"Yes, ma'am. And did you wish to order some more?"
"I don't know. You'll have to send some one down to explain matters. I've put one cake on the fire and the other in the oven and I can't tell whether the plum pudding smell comes from the fire-box or the pudding pan."—Baltimore American.

Caution
"Willie, did you thank Mr. Speedway for taking you to drive?" asked the mother of a small boy solicitously.
"No, answer. The question was repeated. Still no answer."
"Willie! Do you hear me? Did you thank Mr. Speedway for taking you to drive?"
"Yes," whispered Willie, "but he told me not to mention it."—Life.

EMILY HUTTON A CHARMING BRIDE

WAS WEDDED TO ARTHUR W. KOPP, THIS NOON.

A BRILLIANT SOCIETY EVENT

Ceremony at State School for the Blind, Characterized by Elaborate Details.

Today at high noon one of the most brilliant weddings ever witnessed in this city occurred at the State School for the Blind, when the ceremony was solemnized which united in marriage Miss Emily K. Hutton, daughter of Supt. and Mrs. A. Hutton and Arthur W. Kopp, of Platteville. The exchange of marriage vows was witnessed by a company of about one hundred guests, including the students and teachers at the school. A large number of relatives and friends from Milwaukee, Whitewater, Platteville and other cities were present and a very few intimate friends from this city were among the guests.

Artistic Decorations
The ceremony took place in the large gymnasium in order that the many students, for whom today was a holiday, might be accommodated. The decorations of the gymnasium were elaborate and handsome, great masses of Alabama amaranth and palms being the predominant feature in the decorations. The stage, in front of which the bride party stood, was banked with the rich green foliage, a large graceful rubber tree occupying the center. Choice roses and carnations were also used lavishly and effectively.

Exquisite Organ Music
The music for the ceremony was furnished by the large organ, over which Mrs. Joanna Jones presided faultlessly. Promptly at twelve o'clock she played the "Bridal Chorus" from Wagner's "Lohengrin," to which the bride party entered the gymnasium, changing the melody to a nocturne from "Midsummer Night's Dream," which continued softly and sweetly through the ceremony, adding greatly to the impressiveness and beauty of the service. As the bride party left the gymnasium, after the nuptial blessing had been pronounced, the familiar strains of Mendelssohn's wedding march pealed forth from the organ.

A Beautiful Wedding
The scene during the marriage service was one of rare attractiveness, the bride party making a handsome picture. As the organ announced the coming of the happy couple and their attendants, the ribbon aisle through which they passed was stretched by little Misses Bessie Buell and Lucia Denison, who served prettily as ribbon girls.

Ushers and Bridesmaids
First came the four ushers, Prof. Philip Kolb, Prairie du Chien; James Hutton, Madison; Dr. Pickering, Muskego; and Charles Loveland, Platteville. Following the ushers came the four bridesmaids, marching in couples. Miss Annabel Hutton, sister of the bride, in a dainty white gown and Miss Edythe Holt, of Beloit, in pale green, came first, followed by Miss Elsie von Briesen, of Grand Rapids, in pale blue and Miss Edna Sheppard, of Columbus, in a gown of white dotted in green.

With The Bride
Mrs. J. C. Abels, sister of the bride, gowning in white, followed next as matron of honor, immediately preceding the bride who entered the room on the arm of her father, Supt. A. J. Hutton. The bride's gown was an especially handsome creation of white crepe de chine over white tulle, the trimmings being of costly lace applique. She carried a large bouquet of white roses.

An Impressive Ceremony
The approach of the bride party was awaited at the improvised altar by the groom, his best man, Dr. Frank Knapp, of Platteville, and the officiating clergyman, Dr. H. W. Carter, pastor of the Congregational church of Beloit. The party took its place before the bank of green foliage and cut flowers, and Dr. Carter read the momentous words of the marriage service.

Luncheon and Music
After the ceremony and congratulations an elegant wedding luncheon was served in the assembly room, the repast being a very appetizing one. During the serving of the luncheon, the orchestra from the State school, discoursed sweet music, the excellent concert program rendered adding much to the pleasure of the guests. Later in the afternoon, the newly married couple left for Chicago, which city is to be the starting point of an extended wedding trip, about which strict secrecy has been maintained.

An Accomplished Bride
The bride is a young woman of culture, rare accomplishments and gracefulness of manner. She is a graduate of the Whitewater Normal school and followed her normal course with one year of study at the Emerson School of Oratory in Boston. She has been a member of the High school faculty at Columbus, Wis., and has a wide circle of friends throughout the state.

Groom is an Attorney
The groom is also widely known and highly esteemed in Wisconsin. He is one of the prominent and successful young attorneys of Platteville and is a graduate of the University of Wisconsin in the law department. He and his bride will reside in Platteville taking to their home the sincere wishes of many friends for a future in which there shall be an overflowing measure of happiness and prosperity.

Fixing Buob's Park: By the improvements of the land around the pond at Buob's park, and the dredging of the pond itself, the appearance of that picnic ground has been improved many per cent. All of the rubbish and undergrowth has been cleared away and the outlines of the pond made more regular. Around the edges the earth has been banked up, and everything has been done to beautify the place.

NOTICE.

The Gazette is willing and pleased to publish all notices of legal or society meetings, but it has found it necessary to make the rule that all such notices must be written and left at the office before 11 o'clock of the day they are to be published. In the future no notices, except paid ones, will be received over the telephone. GAZETTE PRINTING CO.

The balance of the evening was devoted to different kinds of amusements and the enjoyment of an excellent luncheon. The members of the society in charge of the party last evening were Mrs. W. T. Dooley, Mrs. Charles Daly and Miss Anna Feeley.

WILL MAKE TRIAL OF MACHINERY

CEMENT POST FACTORY WILL START PRELIMINARY WORK.

TO BEGIN IN TWO WEEKS

Last Pieces of Machinery Are Being Put in Place—Powerful Hydraulic Presses.

In order to determine the accuracy with which the different parts of the machinery will work, and make any necessary alterations or readjustment, the engine at the Cement Post Factory will be started inside of a week, and a trial made. Sand will be used in place of cement, so as to avoid any waste, but otherwise the entire process of manufacturing the cement posts will be carried out.

H. H. Jackson, engineer for the company, has just returned to this city from Chicago where, besides transacting other business he placed an order for five thousand barrels of cement, amounting in cost to about \$12,000.

Machinery Ready
With a few exceptions the machinery is now in place ready for operation inside of two weeks. The sand drier is completed and needs only to have the frame structure built to inclose it, to be ready for the winter. A set of automatic scales are yet to be placed

to weigh the amount of sand and cement fed into the mixers to preserve the two ingredients in the right proportions all of the time, and to feed just fast enough to keep the men occupied and no faster.

Four Presses
The four hydraulic presses to be used are among the largest and most powerful in the country. Mr. Jackson experienced great difficulty in securing them, making unsuccessful trips to the largest manufacturing houses of Milwaukee and Chicago. He finally contracted for these in Goshen, Ind. They are ten feet two inches in length and have a pressure of one hundred and fifty tons.

Wire Former
Another piece of machinery which is unique is the wire former, which cuts and shapes sixty thousand wire loops a day. These loops are used to surround the longitudinal wire core and project from the surface for attaching the fence wires. It is believed that it will be necessary to keep the machine at work at its capacity to provide the loops needed.

TO PLAY FOOTBALL HERE ON SATURDAY

Whitewater and Janesville High School Teams Will Meet—Game for Thanksgiving.

Whitewater's high school eleven will play Janesville in this city on Saturday. The president of the state board of control of interscholastic athletics ruled that the Bower City team should meet Fort Atkinson on that date, but the principal of the Fort Atkinson school absolutely refused to comply, and so the original schedule will be followed.

Green Bay has challenged Janesville to a game on Thanksgiving day provided that the latter school is victorious against Whitewater. In the latter case there is but little doubt that the game will be played. The contest would take place at Green Bay.

Green Bay has what is probably the strongest high school eleven in that section of the state, as Eau Claire has in the Northwestern district. A game against one of the three strongest teams of the southern part of the state will do much to determine the championship merits of all of the teams of the state. Eau Claire played Madison last Saturday and the proposed Thanksgiving game would give an opportunity for a more general comparison.

HAMILTON LECTURE WILL BE TONIGHT

Gorgeous Scenes of the Coronation of King Edward Will Be Reproduced and Described.

The colored slides for Mr. Hamilton's entertainment at Myers Opera House Wednesday evening are unusually beautiful, being colored by an artist after nature herself. While a lecture does not always seem to be theatre-going as attractive as a play it is nevertheless safe to predict that no one who hears the lecture will be disappointed. Mr. Hamilton treats his theme in a most scholarly way, and not as an idle traveler or pleasure seeker. Those who have visited London cannot fail to have most pleasant memories recalled and those who still hope to see this greatest metropolis of the world will find the lecture an excellent opportunity for taking notes of the places worth seeing and what to look for.

The coronation pictures are also a play in themselves and Mr. Hamilton is able to describe the gorgeous tableaux as an eye witness to the most wonderful ceremonial of our own time. Moving pictures of the coronation procession are in themselves a perfect production of the street scenes.

L. E. Gettle of Edgerton was in the city today on legal business.

Mrs. Martha Hanson of Chicago, is in the city visiting relatives.

Miss Anna Kurtz, of Milwaukee, is in the city, having come here to attend the Hutton-Kopp wedding. She is the guest of Miss Ada Fenton.

A. M. Valentine, for many years a resident of this city, will soon take up his residence in Minneapolis.

Mr. Valentine's many friends in this city will regret this move on his part as he has always been one of Janesville's enterprising business men.

Mrs. W. T. Vankirk went to Chicago this morning.

Ellen Northrop of Beloit was in the city on business today.

E. E. Witherspoon returned home this morning from a deer hunting trip near Tomahawk, Wis. He had had deer with him as the result of his hunt.

ANOTHER COMPANY WELL-ENTERTAINED
Mrs. Hulihan and Mrs. Doty Give the Second of their Series of Teas.

Last evening Mrs. Sarah A. Hulihan and Mrs. Edward P. Doty gave the second of a series of five o'clock teas at their Forest Park home, 2 Conrad street, entertaining a company of about eighty ladies in charming fashion. As on Monday evening, Josephine and Margaret Doty waited on the door and at the top of the stairs and the hostesses were assisted in receiving by Mrs. T. J. Zeigler, of Chicago, and Mrs. R. E. Parsons, of Toledo, O. The parlors were beautiful in their decorations of wild amaranth, immense chrysanthemums, American Beauty roses and carnations, there being an unusual abundance of choice flowers.

The three-course supper was especially dainty and elegant, the same ladies assisting in serving who officiated on Monday evening and who will help the hostesses at the two remaining gatherings this week. Six handed euchre followed, the first prize being won by Mrs. Stanley B. Smith and the consolation prize by Miss Lulu Bristol. Considerable amusement was occasioned when Mrs. Smith was given her prize, a long shoe box out of which she lifted a malted kitten. Later Mrs. Doty substituted a handsome plate for the kitten. The consolation prize was a silver spoon. The evening was an especially jolly one and good nights were said reluctantly about ten o'clock.

CADETS WILL PLAY FOOT BALL SOON

Christ Church Soldiers Will Meet Eleven on Saturday.

In addition to the other tokens which they have given of their push and energy, the Christ Church Cadets are now supporting a football team, and on Saturday will play their first game. Jefferson Junction high school will furnish the eleven, which will meet the soldiers at the Junction.

With comparatively few exceptions, the team is made up of high school players who are already in fine shape, and have been playing football all fall, so that they will not be especially handicapped by the lack of practice together. This week they plan to put in some good hours together in the effort to put up a scrappy team against the Jefferson Junction boys.

Boettcher-Lanersdorf
Miss Ida Boettcher and Mr. Florent Lanersdorf were united in matrimony's sacred bonds at the home of the bride's parents, Mr. and Mrs. F. G. Boettcher, November 12. The arch under which they were married was one solid mass of chrysanthemums and cosmos. The bride's flowers were white carnations and white chrysanthemums. The bride is a well-known young lady of Six Corners and is as good as she is pretty. Mr. Lanersdorf is a promising young farmer of Lowell. Mr. and Mrs. Lanersdorf will live near Watertown. They have the best wishes of a large number of friends.

TALK OF CLOSING CITY SCHOOLS

UNLESS COAL IS OBTAINED IT MAY BE DONE.

NO DEFINITE ACTION TAKEN

The Plan is To Keep School Open in June to Make Up for Lost Time.

Unless the present stringency of the coal market is relieved and the schools can buy a sufficient supply of coal to keep the buildings warm, the month of January may see all of school buildings closed until the heart of the winter is over or a break comes in the coal supply.

No Formal Action
This is the general talk of the members of the school board. No concerted action has been taken and the question has not come up for formal action in a regular session but among themselves the talk is very serious in favor of closing the schools during the coldest month and then keeping them open until July to make up for it.

Coal Is Scarce
President Burnham of the school board said this afternoon: "I do not know what will be done about it. Of course it is talked over but I think that perhaps some solution will come before it is time to take serious action. Some of the schools have coal enough to run them well into January or February and all have coal enough to run them until after Christmas so there is no immediate danger and perhaps by that time the supply will have increased."

Plan As Discussed
The plan as discussed is that the schools should be closed during the month of January and then the time lost made up by keeping the schools open during the month of June and into July. This plan would save the city much money if coal keeps up at the price it is now. No time would be lost either and instead of getting out the middle of June the long vacation would begin in July.

Robert Webster
Mrs. Elizabeth Butler received a telegram this morning containing the sad news of the death, at San Angelo, Texas, of Robert L. Webster. He will be known to many of the friends in Janesville as the son of Will A. and Anna Hoskins Webster, formerly of this city. Since a mere lad he had been a severe sufferer from spinal disease which in later years became complicated with other troubles. Since life to him only meant suffering, death came as a blessed release. With the going out of this spirit there departed from us one whose life and love was blessing and a benediction to his friends, and his patient cheerful fortitude a beautiful example of a Christian life. He was twenty years of age, and leaves a father and brother to mourn his loss. The burial will be at Ripon, Wisconsin.

MALICIOUS MISCHIEF

Martin Gagan Charged With Breaking Windows, in Court

Martin Gagan was before Judge Field this morning in the charge of breaking a large plate glass window in the house at the corner of Wall and Marion street, belonging to the Schlitz Brewing company.

He pleaded not guilty to the complaint and his trial was set for ten o'clock Thursday morning.

Gagan was arrested this morning by Chief Hogan and when in front of the city hall made a break for liberty. The Chief was there with a little "hot foot" himself and soon had Gagan behind the bars.

H. S. SLOAN SETTLED SUIT OUT OF COURT

Accepts About Half the Amount Due Him from the Badger State Telephone Company.

The case of Henry S. Sloan vs. the Badger State Long Distance Telephone company, set for trial at this term of the circuit court, was settled yesterday without a suit. Mr. Sloan was employed last winter to secure stock subscriptions for the re-organization of the company and to attend to other legal work. There was some dispute about the amount due him and in order to secure himself against loss he garnished the funds of the company then in the hands of the treasurer. Yesterday Mr. Sloan accepted about half of the amount of his claim in settlement of it.

FIRST SHIPMENT OF COAL RECEIVED

Janesville Coal Company Gets a Supply of Anthracite Direct from the Mines.

The Janesville Coal company is the first company in the city to get a fresh supply of hard coal from the mines. They will receive this week about five carloads of coal and have as many more on the way for next week's delivery.

The other dealers in the city also have shipments on the way and next week will see quite a reduction in the price of "black diamonds." The Eastern markets are getting coal in sufficient quantities to supply the demand and already the supply has begun to go westward.

It is expected that the price of coal will be in the neighborhood of \$10 next week and as the supply increases it will continue to drop until it is within the bounds of reason. Although it may not be near so low as it was during the spring and summer, yet it will be in reach of all.

CHINESE PLAN

HUGE OUTBREAK

TO WIPE OUT THE FOREIGNERS

Dowager Empress Issues Orders to Train Manchows in Use of Western Arms. These Troops in Turn to Instruct Their Brothers in Arms.

Peking, Nov. 19.—The Chinese government is declared to be secretly planning another outbreak against the foreigners. News has been obtained from reliable sources that the Dowager Empress has received secret reports from all Viceroy and Governors regarding the number of soldiers and amount of war munitions that could be raised, and instructions have been given to train the Manchows in the use of the rifle and in Western drill, they then to be drafted to the different provinces to instruct the soldiery.

Boxers Are Massing. Reports are now being received from the provinces of Yunnan and Kweichow that the boxers are massing in those provinces.

The military Mandarin Lien Lian Yu of Chenchou Fu, in the province of Honan, who was responsible for the murder of the English missionaries Bruce and Lewis last August, was executed at Chenchou, in the presence of the British Consular representatives. It had been reported that Lien Lian Yu had escaped. The throne recently issued an edict ordering that he be beheaded and this order was carried out.

Rebels Are Active. Advice has been received from Canton to the effect that the Kwansei rebels have captured the prefectural city of Sze-fu and also several district cities in the same prefecture. A number of the officials of the captured cities either committed suicide or were killed by the rebels, while some succeeded in escaping. It is stated on good authority that the rebels recently received a large amount of provisions, magazine rifles, and ammunition, which caused the rebellion, dormant for some months, to be renewed.

Troops Go to Front. Two battalions of troops raised in Haran have reached Canton and been loaded in fourteen junks to be towed to Wochou en route to fight the rebels. The amount allowed by the American claims commission, which recently finished its work, is \$1,683,000, and the sum disallowed is \$1,804,000.

TO PAY CLAIMS.

Awards Made by Peking Commission to Be Settled Promptly. Washington, Nov. 19.—The claims commission referred to in the Peking dispatch has been in session since the signature of the final protocol in 1902.

tember, 1901, following the boxer outbreak. Minister Conger was a member of the commission, which dealt only with American claims arising out of the boxer troubles, in order to apportion the indemnity which the United States received. Installments already have been paid on a part of the awards, and now that the commission has finished its work the remainder will be paid as soon as the findings of that body have reached Washington.

CAPTURES TWO FISHING BOATS

Milwaukee Game Warden Gets Thousands of Dollars' Worth of Nets.

Milwaukee, Wis., Nov. 19.—Game Warden Overbeck captured the tug Major and a Racine fishing smack engaged in illegal fishing in Lake Michigan and seized several thousand dollars' worth of nets which the fishermen had set. As a result of the recent conference with the game warden of Illinois and Michigan a determined effort was made to stop the fishing for the market in Lake Michigan, the closed season commencing Nov. 1.

Hunter Is Wounded. Thorpe, Wis., Nov. 19.—John Ellison of Blair was brought from the woods badly wounded, though not fatally, by a bullet through his left shoulder. He was taken for a deer by a member of his party from Durand.

Siamese Rebellion. Saigon, French Cochinchina, Nov. 19.—An insurrection has broken out in northern Siam owing to the alleged exactions of the government agents. There have been several encounters between troops and insurgents.

Strike Injunction. Cincinnati, Nov. 19.—In the superior court Judge Rufus D. Smith granted an injunction against the striking coremakers, charged with interfering with new men and work at the foundries.

Death of Bishop Thompson. Jackson, Miss., Nov. 19.—Bishop Hugh Miller Thompson died of cancer of the throat. The end came peacefully while surrounded by his family and friends.

Irish Members Sent to Jail. Dublin, Nov. 19.—William Duffin, M. P. (Nationalist), was sentenced at Galway to three months' imprisonment for conspiracy and incitement to commit crime.

Royal Hunters. Windsor, Nov. 19.—King Edward and King Don Carlos of Portugal went shooting together.

We sat at the table together. She cast a shy glance over at me. She certainly looked like an angel. Oh, Charley! Please order me Rocky Mountain Tea. Smith's Pharmacy.

STRIKER IS SHOT AT HAMMOND

Arthur Rutch Wounded by Detective Hired by Conkey Company.

Hammond, Ind., Nov. 19.—Arthur Rutch, aged 19, a striking employee of the W. B. Conkey plant, was shot in the breast and severely wounded by some one of a party of five detectives employed by the company to do picket duty and guard its property during the progress of the bookbinders' and pressmen's strike. The man who shot Rutch is unknown. The shooting occurred near the Conkey plant. Rutch was trying to persuade a party of men who had come to take place at the plant not to go to work, when the detectives approached and ordered the men to disperse, and one of them shot into the crowd.

FIERCE STORM KILLS WOMAN

Wanders From Home Partially Clothed and Dies From Exposure.

Menominee, Wis., Nov. 19.—Nov. 14 a storm of exceptional severity occurred in this vicinity, and that night Mrs. John Woods of Exile, Dunn county, disappeared from her home. No cause could be given by relatives, and no search was made until it was discovered that all of her outer clothing was still in the house. Then a hunt was made in the surrounding country, and the body was found a mile from her home, practically naked. She was killed by exposure, but it is evident that before her strength was gone she had been attacked by a fit of mania, as her scant apparel was torn into shreds.

Piracy in China. Hong Kong, Nov. 19.—Frequent acts of piracy between Hong Kong and Canton are causing uneasiness. A constable of the British consulate who was wounded while traveling in a junk to Hong Kong died from his injuries. Agitation for a British patrol of the Delta is beginning.

Bright's Disease And Diabetes

They are curing Bright's Disease and Diabetes in California. The percentage of efficiency (recoveries) in these hitherto incurable diseases averages as high as 87 per cent. The details of the investigation and demonstration of the new compounds are so conclusive that we at once sent for a bundle of the reports and for the new treatment for urgent cases in this city. Call or send for one of the reports.

WHAT PEOPLE ARE DOING

Social Tomorrow Afternoon: The Eastern Star Study class will hold a social tomorrow afternoon with Mrs. T. O. Howe, commencing with a four-course luncheon at 1:30, to be followed by toasts and a short program. The luncheon is in charge of Mrs. Harry Garbutt and Mrs. B. F. Carle.

In Circuit Court: In the circuit court the jury was excused today until Monday, November 24. In the case of Charles F. Dawson vs. Bridget Hanlon, which was on trial yesterday, where the plaintiff sought damages for injury to her property on account of the defendant's excavating too close to the lot line, the jury after listening to the testimony retired and soon brought in a verdict in favor of the defendant. At the close of this case the jury was excused.

Pleasant Surprise: The ladies of the W. R. C. gave a very pleasant surprise party on Mrs. Pascoe and her daughter at their home, 207 Center avenue. The afternoon was spent in playing different games, music and singing. At five o'clock about twenty-five of the ladies sat down to a most delicious supper. Mrs. Pascoe and daughter, Miss Lydia, were each presented with a silver spoon. All had a most delightful time and think Mrs. Pascoe to be a very charming entertainer.

UTAH'S NEW SENATOR.

Mormon Apostle Who May Sit in Upper House of Congress.

As a result of the recent elections an apostle of the Mormon church will probably succeed J. L. Rawlins as United States senator from Utah. The election of Reed Smoot by the legislature of Utah is practically assured, and the opponents of Mormonism are preparing to make a fight against his recognition by the members of the so called upper house of congress.

The campaign in Utah was a most spirited one. Smoot's candidacy was warmly supported by the adherents of

REED SMOOT.

the church in the state, while many of the gentiles were opposed to the idea of electing a Mormon apostle. At any rate, he won out handsomely and is sure of election if he allows his name to go before the legislature. The legislature meets on Jan. 5.

Reed Smoot is an apostle of the Mormon church, is but little over forty years of age and is wealthy and popular. His father was one of the pioneers who crossed the plains with Brigham Young and was an early settler of Provo, Mr. Smoot's present home. His wife is a daughter of H. S. Eldredge, a leading banker of Salt Lake City. She brought him a fortune, which he has increased by careful handling until he himself is reputed to be a millionaire. He is a banker and manufacturer and is interested in a large number of other enterprises.

Experience in Their Lives.

The first time Mr. and Mrs. Henry Kettles of St. Louis ever faced a camera was when they celebrated their golden wedding last week and sat for their photographs to a newspaper artist.
